

HON. A. FLOYD BYRD ADDRESSES VOTERS OF CLARK

Democratic Candidate For Congress From Tenth District Gives
Eloquent Talk at Court House.

The Circuit Court room was crowded, with standing room at a premium Monday afternoon at one o'clock to hear the Hon. A. Floyd Byrd, Democratic candidate for Congress in the Tenth Kentucky District speak in the interest of his candidacy. Farmers from every part of Clark county showed their interest by their attendance.

The meeting was called to order by Hon. J. M. Stevenson, who introduced Hon. Abram Renick who requested those interested in the White Barley pool to remain.

Mr. Stevenson said: "It is hardly necessary, though usual to introduce the speaker this afternoon. The speaker is the standard bearer of his party this year. He has covered this district and has received much encouragement from both Democrats and Republicans."

Mr. Byrd said in part: "This is a pleasure to have to address the voters of my own county. I am proud of the honor of being the standard bearer of the Democratic party. I am a Democrat because I believe the party principles are for the interest of the great common people. But I am not here to abuse or flatter with any Republican. In each party there is a large element of independent voters who are ready to vote for the man, who will not support all the policies of their party. In criticizing the Republican party I do not mean the men in the ranks, the men who make up the Republican party. But I do criticize the Republican leaders who have been in power so long that they have become corrupt and have not administered the policies of the party in the interest of the great common people. The Republican leaders say that great panics of years ago came because of the Wilson bill, but as a matter of fact panics was at its height before the Wilson bill was passed. Again, three years ago after 12 years of Republican control came on of the great panics of our history."

"The county is prosperous not because of Republican laws, but in spite of it. I would have been glad to have had Langley here. I have invited him to speak with me. He is saying that I do not want to speak with him. But the first time I met him was at Irvine and he had a meeting scheduled, but he did not speak. I think he is afraid of his record for I had his votes on every subject in Congress. I sent him a list of my speaking dates and invited him to speak with me, but I have never been able to get within 50 miles of him."

"The woods are full of speakers for him in the Big Sandy, but he does not come to face me. Langley was elected to Congress by the votes of Democrats, but I do not believe they will again."

"There is one question that has ever agitated the minds of the American people, that come home to every man, woman and child in the country. At first it was laid to aid infant industries. But this tariff burden has grown so heavily that they have demanded relief from it. It has grown so now that it protects the millionaire instead of the laboring man. The capitalists have been building up their fortunes at the expense of the people."

TAXES LEVIED ON TOBACCO

The Barley Tobacco Society will have trouble in taking their tobacco from this city to place on the market in Cincinnati, Lexington or Louisville unless they pay the taxes on it for the year 1910. Mr. W. O. Brock, Sheriff of Clark county Saturday afternoon levied on all their tobacco stored in the Equity redrying plant in this city for taxes due the county for this year and will hold it until his debt, amounting to nearly \$2,000, is paid.

PHILADELPHIAS ARE CHAMPIONS

Win Four Out of Five Games in the
World's Series and Prove Them
Best Ball Players on Earth.

CHICAGO, Oct. 24.—After the last hour victory of the Cubs on Saturday thirty thousand enthusiastic baseball fans turned out in the hope that the Chicago Nationals might still take victory from the Philadelphia Americans on Sunday in the fifth game of the world's championship series. But it was not to be. The Athletics again showed their superiority to the Cubs in every department of the game by winning by a score of 7 to 2.

SATURDAY'S GAME.

CHICAGO, Ill., Oct. 24.—Nineteen thousand delirious enthusiasts driven almost insane by a ninth inning tie and a tenth-inning victory, saw the Chicago Nationals "come back" Saturday and captured the fourth game of the world's series from the Philadelphia Americans, 4 to 3.

The combat was one to live in history. There was not a moment in it when a properly interested partisan could draw a calm, full breath.

It was anybody's game until the finish when a single put the winning run across the plate.

ECONOMY IS AGAIN KEYNOTE

At First Formal Meeting of President Taft and His Cabinet Since
Vacation Period.

WASHINGTON, Oct. 22.—Economy was again the keynote at the first formal meeting of President Taft and his Cabinet since the close of the vacation period. All Cabinet members discussed with the President their estimates for the coming year. Postmaster-General Hitchcock's report that his department will soon be on a self-sustaining basis, and that penny postage is of far distant, was particularly gratifying to Mr. Taft. Secretary Nagel, of the Department of Commerce and Labor, and Attorney-General Wickersham have made no formal report of their investigation in Alaska.

Most of the session was consumed by the discussion of the official estimates for the coming year.

President Taft is determined to have the estimates cut to the bone, and as part of this plan the suggestion for the gradual elimination of navy yards on the Atlantic Coast may be adopted.

W. S. KENYON MAY SUCCEED DOLLIVER

Was One of the Men Prominently
Mentioned as a Senatorial Possibility. Governor Makes no Comment.

DES MOINES, Iowa, Oct. 22.—It was declared Friday night that Governor B. F. Carroll will appoint W. S. Kenyon, of Ft. Dodge, formerly of Ohio, to succeed the late Senator Jonathan P. Dolliver.

Governor Carroll is in Jefferson but refused to comment on the situation.

Mr. Kenyon was one of the men prominently mentioned as a Senatorial possibility immediately after the death of Senator Dolliver.

Mr. Kenyon was one of Senator Dolliver's closest friends in Iowa and had served a term or two on the district bench at Ft. Dodge. At the time of his appointment he was one of the attorneys for the Illinois Central Railroad.

Lord Chief Justice Alverstone, who presided at the trial, sentenced Crippen to be hanged on November 15.

DENOUNCES NEW NATIONALISM

Ex-Senator Foraker Reenters Ohio
Politics and in First Speech Goes
After Roosevelt.

MARYSVILLE, O., Oct. 24.—Ex-Senator Joseph Benson Foraker opened the Republican campaign in this section here Saturday. A special train of Columbus Republicans swelled the crowd which comfortably filled the opera house.

Much interest was aroused by reports that the Senator would denounce the "New Nationalism" of Col. Theodore Roosevelt and take a thrust at the Colonel himself.

He advocated the re-election of Senator Charles Dick and said that the administration of President Taft has excited some criticism he has done remarkably well under the difficult circumstances by which he has been attended. In referring to the new nationalism Foraker said:

"These new principles violate our dual form of government by arrogating unto the National Government the control of matters clearly belonging to the jurisdiction of the State. Such a preachment is not nationalism, but imperialism. It is in spirit,

it is at least as treasonable as secession itself. There is about it all such a preposterous absurdity and such an insufferable egotism as to excite not only condemnation, but ridicule."

COLONEL SPEAKS FOR BASS

NASHUA, N. H., Oct. 24.—Through a cold, rainy day Col. Theodore Roosevelt went campaigning through New Hampshire Saturday. In manner most emphatic he urged the people of the State to elect Robert P. Bass, the Republican candidate for Governor, and the rest of the Republican State ticket.

Beginning with a speech at Concord he stopped off in Manchester and wound up the day with an address at Nashua. In all his speeches Colonel Roosevelt spoke of participation by the railroads in politics.

STEAMERS SINK 64 DROWNED

Such is Believed to Have Been Fate
of Two Vessels During Recent
Storm Along Southern Coast.

NEW ORLEANS, La., Oct. 24.—That two steamers plying between New Orleans and Central and South American ports sank, probably in Yucatan waters, during the recent severe storm with a total loss of 64 lives is the belief in shipping circles here Sunday.

The vessels believed to have been wrecked are the British steamer, Crown Prince, Captain R. Kirkwood with the entire crew of 35, and the Bluefields of the Norwegian register, Captain C. M. Lange, with 29 sailors aboard, including besides the crew, Capt. Lange's wife.

OTHERS DROWNED.

TAMPA, Florida, Oct. 24.—More than a score of small fishing vessels were sunk in Tuesday's hurricane and in several cases their crews were drowned, according to advices brought here Sunday from Boca Grande, Southern Florida, by a sailing vessel.

FIRST PIANIST OF AMERICA

Mr. William H. Sherwood Will Give
Recital at College Chapel Thursday, October 27.

Mr. William H. Sherwood, who will give a recital at the College chapel on October 27, had a remarkable career.

He was the first soloist with the Boston Symphony Orchestra, under Mr. George Henschel.

With the great Philharmonic Orchestra in Hamburg he received an ovation. His performance of the Greig Concerto at this concert was the second time in Germany for that beautiful composition. Mr. Sherwood having studied it with the composer himself. A large voluntary increase in his fee was made by the directors of the society, who offered him a re-engagement with the orchestra on the spot. This was followed by offers to play with the greatest orchestras of Germany another season.

He has played with unvarying success in the large cities of the United States and Canada, and has received unstinted praise from the public and the critics of the press. His influence for the good of his art has been strongly felt, and his name is a household word throughout the land in all families whose members are musicians or lovers of music. He has appeared at various times as piano soloist with the Theodore Thomas Orchestra, as well as with other great orchestras, and recently played a series of notable concerts with this famous orchestra under the direction of Mr. Frederick Stock, in different American cities.

Miss Listemann, concert soloist, who is to appear with Mr. Sherwood, is also well known in musical circles. Comments from the big dailies of the United States are very complimentary. A few are as follows:

Rendition of "Elsa's Dream" one of the notable features of the entire festival.—Seattle Post-Intelligencer. Incomparable soprano brought back for two encores. Sang in a sweet, remarkably trained voice.—Birmingham (Ala.) Age-Herald.

Scored additional triumphs. Rendition of "Elsa's Dream" one of the best things ever heard here. Wonderful soprano voice evoked continual applause.—Oklahoma City (Okla.) Oklahoman.

NO FLIGHTS AT AVIATION MEET

Wind Proves Too Strong on Second
Day of Airship Trials at Belmont
Park, Long Island.

NEW YORK, Oct. 24.—There were two smash-ups, no flights and 7,500 disappointed spectators at the second day of the international aviation meet at Belmont Park, Long Island.

The wind was so strong that only two aviators, Grahame-White and Moisant, dared to dare it, and both of them came to grief, though without personal injuries. But, much as the management regretted to send away a good crowd, it was more concerned with the dissatisfaction of three Frenchmen entered for the Gordon Bennett speed race.

Alfred Leblanc, the champion cross country flier of France; Emile Aubert, his pupil and the only aviator who finished with him in the recent circuit De l'Est, and Hubert Latham, all complain that the course is not laid out according to the rules of the Federation. They may quit flights here.

The other four Frenchmen here to compete for the altitude, distance and duration prizes are not affected, but the Gordon Bennett is the red letter event of the aeronautic calendar. To have the French cracks default would rob the tournament of more than half its interest, and so far as the most important event is concerned, of all its competitive zest.

James A. Blair, one of the aviation committee, admitted he had heard some mutterings from the Frenchmen, but added that nothing had been submitted in writing. And there the matter stands until advices from Paris determine decisively the action from the French camp.

When the bomb and bugle sounded for first distance event Sunday afternoon the official code signal gave the wind at from 20 to 25 miles an hour and it was refreshing every minute. The sky was clear and it was painfully cold.

Four starters were announced, but after eight minutes delay only Grahame-White and Moisant came out. White started his machine into the wind and rose cautiously. He needed all his caution, for even at a height of not more than forty feet, he pitched like a ship in a heavy storm, and in alighting, careened to one side and splinters went flying into the air. His whirling propeller had touched, and both blades were smashed to splinters.

Moisant never got off of the ground but his machine was much more badly hurt. The wind picked it out of the hands of his mechanics and let it fall again. Both his planes were crumpled, his rudder bent, and his crankshaft bent. After these accidents, the code signal "Wind a little too strong," went up on the announcement board.

CONTRADICTS STATEMENT.

Hon. John E. Ratliff, chairman of the Republican Campaign Committee requests the publication of the following letter:

Pikeville, Ky., Oct. 21, 1910. Hon. John E. Ratliff, Campaign Chairman, Republican Campaign Committee, Pikeville, Ky.

Dear Friend—Inasmuch as Floyd Byrd, Democratic nominee for Congress, in the Tenth Congressional District, has announced at West Liberty and other places, that I would at once take the stump for him, and in the interest of the Democratic party, I think it is but fair that I declare that it is absolutely false and without any foundation or authority from me.

I wish to say that I am a Republican, and have been one all my life. I believe in the principles of that party and will be a Republican so long as that party stands for such principles as a tariff on lumber and coal. My business engagements are such that it is impossible for me to make any speeches at present.

(Signed) N. T. HOPKINS.

POULTRY SHOW IN FRATERNITY BUILDING

There will be no charges for entries and it will afford the fanciers an opportunity to show their different varieties. A large number have already signified their intentions to show their stock. There will be no premiums given. The birds will be shown at the Fraternity building, the same place arranged for the corn exhibit.

DEATHS AND FUNERALS

Mr. John Ballard.

The funeral services of Mr. John Ballard who died Saturday at a hospital at Lexington of complications were held at the Church of Christ on Fairfax street Sunday morning. Elder J. W. Harding conducted the services. The body was buried in the old Ecton burying ground. Mr. Ballard was 85 years of age, and is survived by Mr. Sam Ballard of near Ruckerville, at whose home he was living when taken ill.

Mrs. Edith Mize.

The funeral of Mrs. Edith Mize was held at the Winchester cemetery on Sunday afternoon, with services by Elder J. H. MacNeill, of the First Christian church.

The remains were brought from Lexington and the procession was met here by a large number of sorrowing friends.

The floral designs were numerous and handsome, betokening in a measure the great love and esteem in which Mrs. Mize was held.

COUNTY COURT

The tax suits brought in the county court against a number of people in Winchester and Clark county by State Auditor agents were continued Monday morning by Judge J. H. Evans. The only business transacted in the court was the receiving of two wills for probate. One was the will of John H. Elmore, colored, of Kansas and the other of Mr. W. H. Young who died a few weeks ago. Mr. Young requests that his debts be first paid and that the remainder of his estate be given his wife, Mrs. Sarah E. Young. The will was dated October 1st a short while before his death.

SENSATION OF THE SEASON

Will Be the Football Game Friday Afternoon Between the All-Professional and the College Teams.

The sensation of the season in the football line will be furnished Friday afternoon when the All-Professional team of the town lines up against the College boys. Already some of the best as well as others have signified their intention of participating in the game. Among them are Dr. McKinley, Walter Strode, Wm. Duty, Ed. Smith, Jim Phillips, Dr. Martin, Vic Bloomfield, Jeff Stewart, Prof. Tigert Joe McCord, Chas. Strother, Prof. Dalgaty. Others will be selected from numerous applicants for positions.

That this game will be one worth going some distance to see goes without saying. Some of the men on the All-Professional team are players of real ability. Prof. Tigert, Walter Strode and Dr. McKinley are capable of putting up a stiff argument and several of the other men, notably those who played on the Winchester Athletic Club, will show some real football. The barlesque feature may possibly creep in, but with such a galaxy of stars it will probably be in the way the older men show the collegians how to play the game.

One thing is sure. The game will be interesting from start to finish and will be well worth witnessing.

THE CORN SHOW.

Now is the chance for some of our
ambitious farmers to show that Clark
county raises good corn. The Ken-
tucky State Grange meets here Wed-
nesday and Thursday of this week
and a couple of hundred of the lead-
ing farmers of the State will be in
Winchester.There is going to be a corn show.
All farmers are urged to send in a
dozen choice ears for the exhibition.
The Winchester Commercial Club has
offered some small prizes to pay for
the trouble. For the best dozen ears
\$10 will be paid; for the second, \$5;
for the third \$3. The honor of win-
ning will be more than the dollars.The welcome to the Grange should
be warm. It is an exclusively agri-
cultural organization. It is composed
of picked men. The representatives
attending are coming on business
and will pay their own way. They
will leave some money here and will
carry away a more or less favorable
impression of the "Gateway City."

THE TOBACCO SITUATION.

The tobacco situation in the Blue
Grass has brought about the present
monetary stringency. Of course,
money is scarce all over the country
but it is particularly so in Central
Kentucky. The failure to sell about
half of the 1909 crop has much to do
with this.We believe, however, that part of
the closeness in the money market is
because everybody talks that way.
Smith says it to Jones, Jones to
Robinson, and so one ad infinitum—
finally everyone believes it. We had
a little experience that way. Every-
one kept telling us that the farmers
had no money and we came to believe
it. We started to get acquainted and
collect on the rural routes. We were
surprised to find that every man,
with one exception, to whom we pre-
sented a bill promptly paid. There
was therefore some mistake about
the farmers having no money.But the banks are not loaning
freely nor at all except to customers.
There is, however, a hopeful feeling
in the air. The 1910 tobacco turned
out better than expected and prices
are fair. Many crops have alreadyWINCHESTER LUMBER & MANUFACTURING CO.
INCORPORATEDbeen sold for 10 to 13 cents. All
Clark county's tobacco will be dis-
posed of within the next month or so,
and the money will be paid. Four or
five hundred thousand dollars will go
a long way to relieve the situation.Then, too, the 1909 pooled tobacco
is to be sold in Cincinnati, Louisville
and Lexington, commencing this week
with the absurd restrictions of LeBus
removed. The chances are, therefore,
that good prices will be obtained as
the American Tobacco Company will
probably be a bidder. This would
bring \$300,000 more to Clark and
still further help matters.The lively movement in real estate
last fall and spring still further com-
plicated the money market. Money
was plenty and long loans were made.
A banker would ordinarily rather
have short time paper as the funds
are turned over more quickly and can
be called in. Now when the market
is tight it is impossible to realize
quickly.But there is no cause for worri-
ment. There is no cloud without a
silver lining. Within a month or two
finances will be easier and we can all
breathe freely.

MARKETS

CHICAGO, Oct. 22.—WHEAT—
The very fact that the bulge in wheat
caused by forcing the shorts to cover
Thursday failed to hold even for an
hour yesterday has discouraged many
who were hoping for a bull market.
In the fact of smaller receipts and
primary receipts stocks are increas-
ing in most quarters and this indicat-
ing a very limited milling demand for
wheat. The bankers of the country
are doing all they can to force wheat
to primary points and no doubt will
make an effort to force owners of
wheat at central markets to put it
into export channels if possible. The
market will naturally have temporary
swells, possibly some week end
covering today, but on hard spots we
favor the selling side.CORN—If there is to be a return
of clear, cool weather favorable for
handling the new crop, the indica-
tions point to an early movement.
Corn raisers generally are reported
as abandoning their ideas of another
year of higher prices. Unusual effort
are being made to engage in the
heaviest feeding in years in many big
western corn States. Protect profit-
on short lines on sharp dips and
keeping to the selling side on the
bulges.OATS—Oats and corn are likely
to go lower together.
PROVISIONS—Gelt says 7,000
hogs vs. 10,000 estimated and 11-
000 last year. The general feeling
now is that we must see an adjust-
ment of values. May stuff on hard
spots might do to sell.

STEEBENVILLE, Ohio, Oct. 24.—
Charles Speaks, aged 27, a painter,
committed suicide with carbolic acid
in his room Sunday afternoon. He
had financial trouble and was in ill
health.

PAINFUL ACCIDENT.

Mr. Joe Fielder, of the county,
dropped a plank on his foot Saturday
morning, breaking one of his small
toes.

AN ORIENTAL GARDEN.

It Is Not Planted With Flowers, and
It Has No Lawns.A garden does not necessarily mean
a collection of flowers arranged more
or less symmetrically, with spaces of
lawn, shelter of trees and paths hither
and thither. There have been gardens
that, beyond a terra cotta jar or two
holding a rosebush or a flowering al-
mond, have had no green thing within
their gates.I know of an oriental garden in Féz
where white garmented Moors come in
the cool of the evening to sit and listen
to ancient stories that they know by
heart, or to music that was old when
the pyramids were new, or perhaps to
look at a dancing girl or two taking
soft steps while they smoke their nar-
giles, yet that garden is nothing more
than a series of arches upholding walls
beyond walls, toned a faint, mysterious
yellow that is not yellow, but white,
and yet not white, but rose. In the
middle is a pool of water in a stone
basin that looks blue because of the in-
tense sky overhead and that shimmer-
ing with gold in reflections from the
walls. In the corner stands a mighty
jar full of strange scarlet blossoms,
and rugs of deep color and intricate
pattern lie on the sun warmed flags.
There is always the fairy music of
dripping water, and wonderful shad-
ows move among the arches.This place is a garden for all that it
is so builded of man. The word court
will not do for it.—Century Magazine.

FIGHTING FATIGUE.

Jacking Up the Tired System Without
Using Stimulants.If efforts to keep at work are con-
tinued in spite of fatigue the quality
of the work is poor and the exhaustion
inordinate. Students constantly make
this error and do all sorts of things
to keep awake to burn the midnight
oil when if they would go to bed and
rest they could accomplish far more
in half the time in the morning with
little or no fatigue.Yet there are times when sleepiness
and fatigue must be overcome without
recourse to stimulants which injure the
judgment. The tired physician with a
critical case, for instance, must have
his wits about him, and it will aid him
vastly to go to an open window every
fifteen or thirty minutes to take a
dozen or two deep inspirations of cold
air. His exhaustion in the end will be
great, but he can make it up later.As a matter of fact, surgeons and
others whose work requires the keen-
est perceptions instinctively choose the
early morning for their best efforts,
reserving the afternoon for "low
pressure" tasks or recreation. That
is, it is far better to solve that we do
not need the stimulus of these extraor-
dinary methods of respiration.—American
Medicine.

A Dime Better Than Two Nickels.

A professional panhandler approach-
ed a man crossing City Hall park and
demanded a nickel, which the man
good naturedly handed out, saying, "I
suppose that goes for a glass of beer."
"Surest thing you know," replied the
panhandler unblushingly. "And, by
the way, while we are on the subject,
I have now in my possession two nick-
els. Would you mind giving me a ten
cent piece for them?""I will on one condition," said the
man, whose curiosity was aroused.
"What's the answer?""Well, you see, it's this way," ex-
plained the panhandler. "If I have a
dime I go into a saloon and ask for
beer. I have a nickel comeback, which
enables me to amble over to the free
lunch counter and fill up. Maybe you
don't realize that getting change over
the bar gives a man a certain tone
that doesn't belong to him if he just
coughs up a nickel."—New York Sun.

Rice in the Orient.

Rice is "wet," that grown for the
most part in flooded land, or "dry,"
that raised on uplands. Its growth in
those regions where civilization has
penetrated least is pathetic. Parts of
the east are still covered with virgin
forest of tall trees. Underneath all is
dark in heavy shade. Creepers twine
up hundreds of feet and are all topped
off with indescribable orchids, all hunt-
ing for air and sunshine. In the thick
wood a suitable spot is chosen, for rice
they must have or starve. Under-
growth is cut out and staked and
hedged around to make a fence for the
little rice farm.—Exchange.

Foxglove.

In some places in England the fox-
glove is regarded with awe as a
"witches' flower," the peasants saying
that the witches use the bells of the
blossoms as thimbles. In most parts,
however, the "wee sma' folk that bode
no ill" are the beings that "sweetly
nestle in the foxglove bells," and in
Ireland the plant is called the fairy
cap.

A Rival.

"Why do you always say, 'As scarce
as hen's teeth?'"
"Because they are about the scarcest
things in the world.""More scarce than men who enjoy
hearing about the cleverness of other
people's babies?"—Chicago Record-
Herald.

Women's Lefts.

Miss Bikley—So you have given up
advocating woman's rights?
Miss Pascoe—Yes; I now go in for
women's lefts.
"Women's lefts? What's that?"
"Widowers."—Punch.Our affections are our life. We live
by these. They supply our warmth.—

strumental solos and duets; Harry

PEOPLE'S FORUM

TEST FOR DAIRY
AND BEEF CATTLE

To the Editor of The News.

Through this column I wish to
speak a few words to our City Fath-
ers who have proven by their faith-
ful efforts in the past to be always
ready to do what they can for the
public good. The matter on which
I write doubtless has not been thought
of by them, or if it has they may
have had what they considered good
reason for not acting.The matter to which I refer is the
tuberculin test of dairy and beef cat-
tle. The report of the dairies and
slaughter houses of this section,
made some months since by an ex-
pert from State College sent by the
State Federation of Women's Clubs,
showed a very unsanitary state of
affairs, whether these conditions
have improved or not since then I
cannot say, but if our efficient City
Health Officer were to inspect all
milk and see what our little help-
less babies are drinking, we could at
least feel much safer.I saw an article in one of the mag-
azines which struck me very forcibly.
"Is the Baby Worth a Dollar?" We
who are interested parties would say
many dollars, and therefore should
have the very best, cleanest, purest
milk that can be had. Much sickness
and much loss of life is caused an-
nually by bad milk and the city
health officers have done away with
this in a great measure by weekly
inspection. Our little innocent babies
take what we put in their mouths
whether good or bad, and we may
daily be putting into their systems
tubercular germs.Only the other day I heard a young
mother express a desire to put her
babe on cow's milk, but said she felt
afraid under present conditions to
trust any of the dairies. Out of the
magnificent herd of cows bought for
in the Insane Asylums of the State
from New York last year the per-
cent of tubercular cows was alarm-
ing, this year it has bought fine herds
of Holsteins as they are said to be
freer from the White Plague than any
other kind of cattle.What a blessing the test was made
or the poor defenseless unfortunates
would have been subjected to the
plague. We are just as liable to this
disease through the meat we buy
daily, unless this test is put to the
stock we eat. We are grateful to
our city Fathers for giving us such
an efficient Health Officer and to him
for his watchfulness to prevent the
spreading of contagious diseases.We have seen a great difference in
the fruit stands, meat stores and
many other things since a regular
Health Officer has been employed.
Now with this other improvement I
write of Winchester will be equal of
any of her sister cities and the new
sewerage system, Winchester will be
the healthiest city in Kentucky.Yours for the public good,
AN INTERESTED PARTY.

*** SOCIETY *****Complimentary Motoring Party.**

Miss Vida Thompson gave an automobile party to half a dozen of her little friends on Saturday afternoon from 4 to 6 in honor of Miss Gladys Armstrong, of Troy, N. Y.

Those in the party were Misses Gladys Armstrong, Virginia Jonett, Jennie Hill Fox, Elizabeth Becker, Rosa Day, Josephine MacNeill and Vida Thompson, Miss Beulah Thompson, chaperone, and Mr. Clay Thompson, chauffeur.

After a long, pleasant drive, the party was conducted to the home of the hostess where they were served with delicious hot chocolate and cakes. After spending a while in fun-making and laughter, they were taken to their respective homes.

Informal Dinner.

Mr. and Mrs. Howard Hampton charmingly entertained with an informal dinner at their beautiful country home Sunday.

The decorations were very effective and the menu was a feast of delicious viands.

Family Reunion.

An enjoyable family reunion was held at the home of Mr. Adam Curry, at Indian Fields, on Sunday. Those present were: Mr. and Mrs. John Booth, Mr. and Mrs. John Turpin and daughter, Mrs. Hez Ervin and daughter, Mary; Mrs. A. T. Curry; Misses Mary, Stella, Fannie and Stella Curry; Mr. Elias Curry, Misses Ann, Hannah and Amanda Curry, Mrs. Cas Goff and two children.

A delightful old-fashioned country dinner was served, and the occasion was one long to be remembered for the unstinted hospitality which prevailed.

Married at Lexington.

Mr. Willard Dennis and Miss Nellie Rash, both of Winchester, were married Saturday afternoon at 5 o'clock at 352 Chestnut street in Lexington by Rev. J. W. Porter, pastor of the First Baptist church. The young people were attended by Mr. Edward R. Hinds and Miss Alice White.

The bride wore a gray traveling suit with hat to match. The two left later in the afternoon on a bridal trip to the East.

For Miss Nunnally.

An attractive compliment to one of Winchester's most charming brides-elect was the linen shower given by Miss Sallie McDonald on Saturday afternoon, in honor of Miss Alice Nunnally.

The beautiful home was darkened and the soft, faint glow from the green candles in crystal candelabra lent a charming radiance to the scene.

Asparagus plumes and many stately potted plants furnished the decorations.

A feature of the beautiful affair was a "wishing well," the effect being obtained by green pillars, with shingled moss-grown roofing, erected over a perfect imitation of an old-fashioned well, above which was suspended an oaken bucket.

This well contained the presents, which were gracefully handed out by Miss Elizabeth Bash, who was charmingly dressed in white with pink ribbons, to the lovely bride-to-be, who was attired in a graceful gown of pink brocade silk, draped in lace and trimmed in pink satin roses with gloves to match.

The guests were then invited to the dining room, where a scene of festal beauty was presented. In the center of the table rested a large cut glass vase filled with red four o'clocks and green foliage. On each plate was a handsome hand-cut glass containing delicious lemon ice. Green candles in cut glass candelabra furnished an attractive gleam and sparkle to the setting. Cut glass nappies were used, and a delicious meat course was charmingly served.

Fishing Party.

The following members of the Paris Fishing Club enjoyed the past week at Sulphur Springs, Boonesboro: F. E. Brauman, John Cornell, Henry Groseche, J. W. Taylor, A. L. Slicer, Leo, B. Ray, Jess Napier, Joe Mellille and J. W. Myall.

Great success in fishing and a pleasant outing are reported.

Officers Elected.

A very impressive service was held at the Methodist church Sunday evening, October 16, the occasion being the installation of the newly elected officers of the Epworth League for the ensuing year.

The regular installation service was carried out and an able address was given by Rev. W. S. Anderson. The following officers were installed: President, Mrs. J. E. Gubbs; first vice president, H. P. Carpenter; second vice president, Mr. Jones; third vice president, Mrs. Walker Lancaster; fourth vice president, Miss Pannette; secretary, Mr. Chas. S. Venable; treasurer, Miss Lucy Benson; agent for "Epworth Era," Miss Anna Wright.

Courtday Dinner.

The ladies of the new Baptist church conducted a courtday dinner Monday. The store room in the opera house building was used and dinner was served to a large number of the farmers who were in town.

THE PUMA AND ITS PREY.

Ease With Which a Patagonian Lion Killed a Colt.

The puma is so fond of horseflesh that in Patagonia it is difficult to breed horses, as the colts are killed by this American lion. A native told the author of "The Naturalist in La Plata" that on one occasion while driving his horses home through a thicket a puma sprang out of the bushes to the back of a colt following behind the troop.

The puma alighted directly on the colt's back, with one fore foot grasping its shoulder, while with the other it seized the head and, giving it a violent wrench, dislocated the neck. The colt fell to the earth as if shot.

Next to horseflesh, the puma prefers mutton. He does not like veal, although he will kill a calf upon occasion. A cunning puma which on cloudy nights raided a sheep ranch used as a place of concealment the pen where a dozen calves were kept while it was waiting to attack the sheep, but it did not injure a calf.

Pigs when in large herds defy the puma by massing themselves together and presenting a scented line of tusks. The ass also resists successfully the puma's attack. When assaulted it thrusts its head between its fore legs and kicks violently until the puma is driven or thrown off.

One day an Indian while riding saw a young cow watching his approach. Her manner showed that it was in a state of dangerous excitement, and the Indian conjectured that some beast of prey had killed its calf. He began searching for the calf's body. While thus engaged the cow repeatedly charged him. Presently he discovered the calf lying dead among the long grass and by its side a dead puma with a large wound just behind the shoulder.

The calf had been killed by the puma, for its throat showed the wounds of large teeth. The cow had driven one of its long, sharp horns into the puma's side while it was sucking the calf's blood.

SLOW NEW YORK.

It Actually Made the Hustling Western Barber Sleepy.

"Why, say," said a visiting barber from the wide untrammelled west, "you folks here in New York are narrow, limited, shackled, contracted, far behind the age. You think you are the human limit when really your gait is very slow."

"I went into one of your shops here yesterday. Nice shop, good equipment, everything fine and elegant, but when I saw how slow you were here on the work it made me nervous. A good plant, but not worked to capacity."

"They had a man in a chair with a barber cutting his hair and a manicure fixing his hands and a bootblack blacking his shoes all at the same time, and I suppose you think here that that's going some to have three people work on a customer all at once, but, goodness me, you ought to look into my shop and see how we do things in my part of the country!"

"I've got a shop that's every bit as modern and up to date to the last limit as anything you've got in New York, but out there we utilize our plant. What do you suppose we do when a man comes in that's in a hurry to catch a train? Think we all lie down and take a nap?"

"Why, we put one barber to cutting his hair and another to shaving him, and two manicurers tackle his hands, one on each side. We take off his shoes, and two boys work on them, each blacking a single shoe, while two chiropodists get at him, each taking a foot, and at the same time we have one boy brushing the customer's hat and another brushing his overcoat, while another dusts the clothes he's got on with a vacuum duster."

"You put three people on a man at once and think you're doing something. We put on eleven and think nothing about it at all, and our town ain't a quarter as big as New York—not a quarter."

"Why, honest, this New York atmosphere makes me sleepy"—New York Sun.

An Old Machine.

The Tubingen Morgentalblatt of Oct. 31, 1820, contains a description of such a machine as then in use in the London coffee house. It was in the shape of a tobacco jar, which stood on the table and had a slot into which a penny had to be inserted to obtain a pipeful of tobacco. The weight of the coin depressed a lever and released a lock. The writer adds that a halfpenny would not do the trick, and the would be cheat could not recover his money.

—London Notes and Queries.

The Judge Agreed.

It is recorded that Lord Mansfield, the famous English judge of the second half of the eighteenth century, listened impatiently to an argument of Sir Fletcher Norton upon a case involving certain manorial rights.

"My lord," said Norton, who was notoriously dictatorial, "I can instance the point in person. I have myself two little manors."

"We are well aware of that," responded Lord Mansfield, seizing his opportunity.

Cautious Extraordinary.

"You have a night key?" "Of course," answered Mr. Meekton, "only I'm so careless that Henrietta keeps it locked up in the safety deposit so that I won't lose it!"—Washington Star.

Former Senator M'Creary and former Senator Blackburn, both of Kentucky, had an argument on the stump in a certain campaign.

M'Creary twitted Blackburn because he did not serve during the entire Civil War.

EASILY BREAKS A SEVERE COLD

The Most Severe Cold and Grippe Misery Will Be Relieved in Just a Few Hours.

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable gripple symptoms leaving after the very first dose. It promptly ends the most miserable headache, neuralgia pains, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiff-

ness and rheumatic twinges. Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

PEOPLE'S

Sermon by
CHARLES T.
RUSSELL,
Pastor Brooklyn
Tabernacle

London, October 23.—Pastor Russell of Brooklyn Tabernacle today addressed an immense audience in the world's greatest Auditorium, the Royal Albert Hall. Many of his audience were Jews, attracted by the liberal extracts from Pastor Russell's sermons which have been appearing in the Jewish papers all over the world. The discourse was full of comforting assurances (both to Jew and Gentile) of the glorious outcome to the Divine Plan, as respects our world and its inhabitants. We report the address only in part, as follows:—

There can be no doubt that the words of our text apply, not to Spiritual Israel and the heavenly Jerusalem, but to the Seed of Jacob, for many centuries travelling in pain—a nation without a land, people possessing most wonderful promises, yet enjoying none of them—a people scattered amongst all other peoples; yet, in harmony with the Divine promise made at the beginning of their organization, they have been preserved separate and distinct from all other nations! The Jews are a miracle in themselves. They witness to the civilized world God's promises and the power thereof in the human mind. As foretold in the Scriptures for long centuries they have had no Prophet, no Priest, no ephod, no vision from God, no revelation. The people to whom at one time belonged the honor of being the only people to whom the Divine purposes were revealed have for more than eighteen centuries been left destitute of any evidence of Divine favor, except in this one fact, that their solidarity as a people is preserved.

We are not of those who rail against the Jew; who cry out, "Christ-killers; the vengeance of God is upon you, and what you have suffered is only a foretaste of more awful sufferings for all eternity!" Thank God, No! We have so much evil sentiment in our heart. We have nothing for the Jew but sympathy, even while in him, as in others of Adam's children, we may see much to reprehend; nevertheless, we also see his commendable qualities. Among others, we see the quality which God so greatly appreciated in Abraham: namely, faith in his God and in the Divine promises. Such a faith has inspired "God's Chosen People" to wait for his promised Messianic Kingdom. In these many centuries—through all kinds of discouragements, disappointments and persecutions.

The long-promised time of Israel's exaltation as the channel of Messianic blessing to mankind is near—it hasteth greatly. What though there shall be another and great spasm of tribulation in conjunction with the birth of the New Order of things! Beyond the sighing and the crying, the morning dawn—the glorious day in which the Sun of Righteousness shall chase from the world all the shadows of death and despair, which sin and its penalty have brought upon mankind! What though the Scriptures tell us that Israel is yet to have "The time of Jacob's trouble" in connection with the world's great time of trouble impending. None of these things shall hinder us from rejoicing in the New Heavens and the New Earth, which God declares he is about to create and put into control of our world—"Be ye glad and rejoice forever in that which I create" (Isaiah lxxv, 18).

The New Heavens and the New Earth are but symbolic terms for the consideration of that New Era, in which there will be a new social order, as well as a new ecclesiastical system, eternal in the heavens.

The time has come when our text is having its fulfillment. The shining of the lamp of Truth upon the prophetic page shows us that the great clock of the Universe is marking the hour when he whose right it is shall take to himself his great power and reign. Ah, yes! We remember that it is written that then the nations shall be angry, and God's wrath shall be manifest, and then the time shall come for the judgment of the dead and the reward of all, both small and great. But we are glad, nevertheless, that the "times of the Gentiles" are nearly at an end and the time of Messiah's theocratic government is at hand—For he must reign until he shall have put down all unrighteousness and in subordination, until he shall have caused every knee to bow and every tongue to confess to the glory of God the Father.

First in order of the Kingdom work will be the binding of Satan—the work of a heavenly, and not of an earthly king. Gradually, in the judgments, decrees, rewards, punishments of mankind and the banishing of sin and death will the great King of Glory reveal his own gracious character and the Father's righteousness to the children of men. Gradually all will have the eyes of their understanding opened to see, not only the Father of all in his true character, but also the Son in his glorious majesty—the Conqueror, "who, for the joy that was set before him, endured the cross, despising the shame," and hence is at the right hand of Divine majesty and entrusted with the putting out of the Devil's blessing upon Israel, and through Israel

God's Message of Comfort To the Jews

"Comfort ye, comfort ye my people, saith your God. Speak ye comfortably to Jerusalem, and cry unto her, that her warfare is accomplished, that her iniquity is pardoned; for she hath received of the Lord's hand double for all her sins."—Isaiah xl, 1, 2.

rael, extending that blessing to every nation.

One King, but Two Kingdoms.

It has escaped Christendom in general until now that the Divine promise to Abraham is to be fulfilled through two Seeds—one a heavenly class, the other an earthly class, with Messiah the Head over all. For eighteen centuries God favored the Seed of Abraham, the nation of Israel. Chastisements they had, reproofs in righteousness; yet in all that time they had also Divine favor, as represented in their Law and in the Prophecies and in the privileges which came to them under the Law Covenant, in that they had an annual Atonement Day, which continued to them Divine favor. That period of favor, explain it how we may, began to wane about the time of Jesus' death. It was completely removed from them in the desolation of their land by the Roman army A. D. 70. Now a parallel time has been reached, as stated in our text. Hence it is time for the return of God's favor, as here mentioned. The favor already is returning.

The Jew has not been so comfortable, nor so favorably fixed as he is today, in more than eighteen centuries. But his blessing is only beginning. Shortly Divine favor, in God's due time, will accomplish for his Chosen People all the precious promises of the Law and of the Prophets. Already the Jew is awakening to a realization of this great Truth. Zionism, which started as a political movement, is about to bud and blossom into a religious movement and the blessing of Divine Providence will so order their affairs. The words of the Book, the words of Divine promise, so long read ignorantly and blindly, are about to become luminous and constitute the light which will direct them in the ways of the Lord—leading on to the rehabilitation of Jerusalem and to the attainment of loftier ideals amongst the Jewish people. A voice is sounding from the wilderness, and the Jews everywhere are hearkening to it. It does not call them to become Christians, but to remain Jews and to realize, as Jews, the ideals set before them by the Lord in the Law and by the Prophets. To all those exercised thereby a great blessing is near, which will more than compensate for the sorrows of the past. Neither by sword, nor guns, nor dreadnaughts, neither by flying airships, nor torpedoes will Israel's great victory be won, neither by money power and worshiping of the golden calf of finance, nor by trusting in the arm of flesh, but by looking to the Lord, from whom will come their help.

Messiah's Spiritual Empire, about to be established, will bind Satan, restrain every evil and lift up a standard for the people, blessing Israel and establishing with them the New Law Covenant instead of the Old Law Covenant—under the better Mediator, still more capable than the great Moses; under the greater King, still more wise than Solomon and still more beloved of God than David. This great Celestial Empire will be established with great authority in the world by a time of trouble, a time of earthly distress which the prophecies picture as terrible—a short reign of anarchy. Jews and Gentiles will be responsible, rich and poor, for the bringing to pass of this awful trouble, by reason of the selfishness which at present is governing the world and which will be used of the Lord to wreck our present grand civilization—grand at least on its surface and in its aspirations and pretensions. A Socialistic artillery of words and ecclesiastical bonds of similar nature will only aggravate the strife. Financial weights and levers will have much to do with the great crash of the forces of civilization in this near-approaching cataclysm of trouble. In which the reign of sin, inequity, injustice, selfishness, shall forever fall to rise no more; and the present religious systems also shall be found wanting and pass away. For these old systems, symbolically the heavens and earth of the present time, will be substituted the New Heavens and the New Earth—the Church glorified beyond the veil as the Bride of the great Messiah, and, Society on earth reorganized, will constitute the New Earth, wherein will dwell righteousness. The transition will be but a momentary ordeal, as compared with the glorious eternity of blessing under Messiah's righteous supervision. "He maketh wars to cease unto the end of the earth."

Israel's Hopes—Why So Delayed?

The perplexing thought with our Jewish friends, as well as with Christians, is, If these things be so; if Messiah's Kingdom is yet to be established, as the Jews contemplated, only on a spiritual plane instead of an earthly one; and if God's purpose is to use those anciently favored people as the channels of his blessing in the future, why has there been so long delay? We answer, This is what the Scriptures term *The Mystery*—the matter which God did not reveal directly, either to Abraham or through any of the Prophets. Indirectly he hinted at

it, saying to Abraham, "Thy Seed shall be as the stars of heaven, and as the sand of the seashore for multitude." But Abraham did not discern, nor did others, that these two illustrations belonged, not to the same people, but to two different Israels. The earthly promises belonged to natural Israel. Eventually all mankind, blessed under the Messianic reign, will become Israelites—of the Seed of Abraham. Thus Abraham's "Seed" shall be as the sand of the seashore for multitude. And they must all have the faith of Abraham and his obedience, ere they can reach perfection as members of his Seed. First in the order of blessing will come the Ancient Worthies—Abraham, Isaac, Jacob and all the Prophets and holy ones of the past. These will be raised from the dead by the power of God—not imperfect and fallen, but perfect: fully up to all the glorious ideals of their minds aforetime. This will be their reward for having walked by faith and not by sight. Thus we read, Instead of being the fathers, they shall be the children, whom Messiah will make princes in all the earth—his representatives in power, in rulership, in authority (Psalms xlv, 16). At that time the blessing shall return to Israel that has been taken from them for more than eighteen centuries—God's special favor. Under their New Covenant they shall be blessed; their eyes shall be opened; "they shall look upon him whom they pierced;" they shall mourn for him; they shall rejoice in him. They will say, This is our ruler. We have waited for him, and he will save us (Zechariah xii, 10).

Crimes Committed in Jesus' Name.

With shame true Christians must admit that most atrocious crimes were committed in the name of Jesus during the "Dark Ages." Worse than that! The horrible misrepresentation of all that the name of Jesus stands for still continues. Witness, for instance, the injustices practised in the name of Christianity against the Jew in Russia for years past, and in various nations in remoter times. Witness the fact also that only two months ago the so-called Christians of Roumania acted like veritable demons toward their Jewish neighbors. Well-attested accounts tell that the Jewish cemetery was despoiled. Many of those buried within the two preceding months were dug up and the putrid and mangled corpses thrown on the steps and in the doorways of their families. Can we wonder that the Jew has come to have a hatred for the Jew Christian and for the name Jesus?

The name Jesus, as is well known, is but another form for Joshua, which signifies Deliverer. The name Christ is the Greek equivalent for the name Messiah. Every Jew, rightly informed respecting the character and the teachings of Jesus, is bound to respect him and his immediate followers as amongst the grandest Jews that ever lived. They must not be judged according to the perversion of their teachings, so common amongst Christians. And it should not be forgotten that while the masses of Christendom have misrepresented their teaching, doctrines and practices, there has been throughout the entire age a saintly few who have closely followed in the footsteps of Jesus.

In my preaching I do not urge upon the Jews to become Christians; but I seek to hold forth the Divine standard for them and to assist them to get ready for the fulfillment of the glorious promises which are theirs. That the due time for the fulfillment of these is at hand is the comfort we offer them, in harmony with our text. The Prophet declares that it will be after their return to their own land, and after the great time of trouble which is now impending upon Christendom, that the Jew will recognize that the great Messiah of glory, the great Michael of Daniel xii, 1, for whose Kingdom they have been waiting, is none other than the "Man Christ Jesus, who gave himself a ransom for all men" eighteen centuries ago. God will then blessedly open their eyes of understanding. As the Prophet declares, "They shall look upon him whom they pierced;" they will then see the identity between the Jesus who was sacrificed for the sins of Israel and the world and the Messiah of Glory, whose Kingdom will use Israel in the blessing of the world.

Meantime, what has God wrought? Ah, this, again, we say is the Mystery! Here and there from Jew and Gentile, saintly characters have been sought and found by the preaching of the message of Christ, even though that message frequently was dimmed by earthly imperfections and blemishes—by erroneous representations. Those saintly ones will be sharers with Messiah in Divine blessings on the spirit plane, mentioned to Abraham under the figure that his "Seed shall be as the stars of heaven." But under what conditions do these attain a spiritual inheritance like unto the angels and far above them? We answer that the spirit nature is the divine reward of a special obedience. Our race was not created on the heavenly plane nor for a heavenly nature; but of the earth earthy. And its salvation from sin will bring it to the full perfection of human nature and to the full enjoyment of a world-wide Eden. The Spiritual Seed of Abraham is to be composed of Messiah and the Elect Little Flock of saintly footstep followers. The price of their exaltation is their consecration unto death and faithfulness to that Vow. These are the Jewels mentioned by the Lord to the Prophet—"Gather together my saints unto me, saith the Lord: those who have made a Covenant with me by sacrifice." "They shall be mine, in that day when I make up my Jews."
